For 20 years, the Nigerian Oil & Gas Conference & Exhibition has provided a platform for Presidents, Ministers, Heads of Government Agencies and CEOs to discuss plans for policy, up-coming projects and solutions to current challenges in the industry. Over the years, the programme has grown and adapted to the geopolitical, environmental and political factors impacting the domestic and global petroleum industries.

NOG has become a part of the institutional framework of the Nigerian oil and gas industry, growing from small beginnings to becoming Nigeria’s largest and most important industry event.

NOG annually welcomes more than 750 senior level conference delegates, 80 international speakers, over 200 exhibiting companies and 4,000 exhibition visitors.

"It is my absolute privilege to address the Nigeria Oil and Gas Conference and Exhibition. Indeed, we are very grateful for the high-level presence of Nigeria at the Seminar through a large delegation, which included many Nigerian companies and oil industry representatives that made a great contribution, including their generous sponsorship.”

H.E. Mohammad Sanusi Barkindo
Secretary General
OPEC

Facilitating Deals in the Nigerian Oil & Gas Industry for 20 Years

INTERNATIONAL EXHIBITION

The Nigeria Oil & Gas International Exhibition has been helping to facilitate deals within the Nigerian oil and gas industry for two decades. The NOG exhibition has brought together a prestigious list of national and international exhibitors.

Today, NOG personifies the great steps that have been taken in increasing indigenous participation in the domestic oil and gas industry and the positive impact of the Nigerian Content Act. With over 85% of the exhibitors being Nigerian-owned companies, they play an ever more prominent role at the event, as they do in the domestic petroleum industry.

www.nogevent.com
dmg Nigeria events is an indigenous industry leader in organising and delivering innovative strategic and technical conferences, exhibitions and seminars for the energy industry. Facilitating government and private sector collaboration to promote the development of industries and strengthen economies is at the heart of what we do.

Over the last 21 years, our energy industry events have gathered the top echelon of the Nigerian oil and gas industry including presidents, ministers, heads of government agencies and CEOs. Senior industry stakeholders annually convene for the opportunity to convene to hear new policy announcements, deliberate challenges, explore solutions and explore investment opportunities.

Our team of experts have a diverse range of skills and backgrounds including government relations, energy publishing, project and event management, marketing, research and sales disciplines.

dmg Nigeria events is a subsidiary of dmg events. Headquartered in Dubai, UAE since 1989 with operations in Saudi Arabia, Egypt, Singapore, Canada, South Africa and the UK, dmg events is an international exhibitions and publishing company, attracting more than 425,000 attendees to its portfolio of 84 exhibitions each year.

Practical Nigerian Content Youth Workshop

In partnership with the Nigerian Content Development & Monitoring Board (NCDMB) and the Bayelsa State Government, dmg Nigeria events has developed the annual Practical Nigerian Content Youth Workshop. Working closely with local youth groups and societies, student organisations and professional associations, the Youth Workshop brings together over 300 Bayelsan graduates from across the state to this free-to-attend forum.

In a country with an unemployment rate as high as 23% for graduates, and close to 60% youth unemployment in rural areas, the Youth Workshop provides a valuable platform for local youths to hear from respected figures within business, industry and academia, providing them insights and useful tools to help them enter the oil and gas industry, or launch their own businesses, capitalising on the opportunities present in their own communities and Bayelsa as a whole.

The Workshop also highlights further training opportunities available as well as initiatives provided by local government and the NCDMB that will enable them to further enhance their employment prospects.

Nigerian Business Coalition Against Aids

dmg Nigeria events has supported the Nigerian Business Coalition Against AIDS (NiBUCAA) for over five years now. We have been an active member of the coalition as we share NiBUCAA’s belief that the private sector should respond to the growing challenges of HIV/AIDS ensuring equal rights and opportunities for employees infected or affected by the virus. dmg Nigeria events has provided regular support through:

- Organization, funding and publicity of the Annual NiBUCAA Charity Rae taking place at the Nigeria Oil & Gas Conference & Exhibition, and
- Regularly hosted by country’s favourite athletes, comedians and artists.
- Donation of all proceeds from the Annual NiBUCAA Charity Rae
- Complimentary exhibition stand at all CWC’s events taking place in Nigeria
- Providing NiBUCAA with exposure to 9,000+ contacts per year
- Support and guidance with NiBUCAA’s marketing and PR reports

This is a very important initiative and one we are extremely proud to support. Given our long history of working in Africa and our extensive local contacts we are keenly aware of the impact of HIV and AIDS within the region.
